**GERRYMANDERING: WHY IT'S A PROBLEM
IS A REDISTRICTING COMMISSION A SOLUTION?**

Michigan voters will have an opportunity to change who draws voting district maps in the State, from the Legislature to an Independent Citizens Redistricting Commission (ICRC). The purpose of this presentation is to discuss why the State's gerrymandered maps are a problem and, if an ICRC is the solution, how it would work.

Speaker: Sue Smith is Redistricting Director for the League of Women Voters of Michigan. She is a past President of the state League and she is the current president of the League of Women Voters of the Ann Arbor area.
